

The image displays a heatmap visualization of a 10x18 grid. The grid is composed of colored rectangles, where the color of each rectangle represents a value. The top row is blue, the second row is yellow, the third row is purple, the fourth row is purple, the fifth row is purple, the sixth row is purple, the seventh row is purple, the eighth row is purple, the ninth row is purple, and the bottom row is green. The colors are distributed across the grid in a pattern that suggests a specific data distribution or classification.
